<u>Coronavirus Update</u>

Date – 11th December 2020

BHUTAN

Bhutan has successfully managed to control the number of cases as they followed strict lockdown rules. The coronavirus case count in Bhutan now stands at 433 cases, with 395 recovered, according to latest health ministry figures.

Bhutan has allowed to operate its Public transport system with full capacity in line with health and safety protocols for prevention of COVID 19.

As of now Bhutan remains closed for all kind of inbound tourism.
