

Coronavirus Update

Date – 8th April 2021

BHUTAN

Majority of the infected people are already recovered with only 25 cases remaining active.

The coronavirus case count in Bhutan now stands as follows according to latest health ministry figures.

Overall Data (Updated on 8th April)

Total Cases	Infected	Recovered	Deaths
900	25	874	1

The first vaccination campaign was over on the 3rd of April with over 0.4 Million people vaccinated within a week. The second dose is due most likely in June.

Bhutan will only reopen after successful vaccination which is currently underway. The authorities are hoping to welcome tourists from July-September which is dependent upon completion of immunization.
