

Coronavirus Update

Date – 27th October 2020

SRI LANKA

Months after successfully managing to avoid the spread of the virus, Sri Lanka health authorities has identified sudden spike in Covid-19 cases.

The coronavirus case count in Sri Lanka now stands at 7872 cases, with 3933 recovered according to latest health ministry figures. 16 deaths are reported due to the virus.

Government has imposed quarantine curfew in areas where new cases are found to avoid further spread of the virus.

Airport will remain close until further notice and the repatriation flights are also cancelled until further notice.
